## ColonSweep™ Dietary Supplement 180 caplets

**ColonSweep™** Dietary Supplement is a whole food fiber cleansing complex to assist in maintaining a healthy colon, naturally. With today's modern lifestyles of over-processed foods and chemical-ridden farming practices, it is difficult to obtain sufficient fiber through our diet to adequately brush the debris that builds on the colon walls so it can be eliminated.

In order to consume sufficient fiber for a clean colon, you would have to consume approximately **two** large turkey-platter-sized-plates of raw vegetables daily – something not likely to be accomplished in a typical busy lifestyle. **ColonSweep™** may help to clean the colon by sweeping away the sludge within the intestinal walls. Suggested Use: deep cleansing, 5-6 caplets daily; daily maintenance, 3-5 caplets daily.

  <b>ColonSweep™</b> Dietary Supplement  <b>180 CAPLETS</b>  <b>WARNINGS:</b> If pregnant or breast-feeding, ask a health professional before use. ## EliminAid™

Dietary Supplement  
60 Vegetarian Capsules

**EliminAid™** Dietary Supplement is a unique blend of herbs and minerals used for centuries for their capacity to provide safe, easy, complete elimination. This formula does not contain any ingredients known to be habit-forming and is the perfect complement to a colon fiber-cleanse product that best suits your needs.

**EliminAid™** may help facilitate a more complete cleansing when using a protocol of professional colon hydrotherapy, and this supplement may also be used on its own for those times when your elimination needs a gentle "nudge" when traveling or under extra stress. Simply consuming fiber is not always sufficient for effective elimination. Stress and chronic illnesses inhibit rectal muscle movement (peristalsis) causing sluggish elimination. This blend of specific herbs and minerals may help to facilitate easy passage of colon debris and may help to maximize evacuation.

 <b>EliminAid™</b> Dietary Supplement  60 VEGETARIAN CAPSULES  <b>WARNINGS: If pregnant, breast-feeding or having abdominal pain,</b> ask a health professional before use. Consult a physician for use in children under 12 years of age. Not intended for prolonged use. <b>Keep out of reach of children.</b> Do not use if tamper evident seal is broken or missing.
